Córdoba is a city in the southern Spanish region of Andalusia, and the capital of the province of Córdoba. A great cultural reference point in Europe, this ancient city has been declared a World Heritage Site and contains a mixture of the diverse cultures that have settled it throughout history. Very few places in the world can boast of having been the capital of a Roman province (Hispania Ulterior), the capital of an Arab State (Al-Andalus) and a Caliphate. The city famously houses the Mezquita, a symbol of the worldly, sophisticated culture that flourished here more than a millennium ago when Córdoba was western Europe's biggest, most cultured city. Such splendor is palpable in the intellectual wealth of this city, that has seen the birth of figures like Seneca, Averroes, and Maimonides (Cordoba has in fact erected a life-size statue in honor of this physician and philosopher considered one of the greatest Jewish thinkers of all time)..

Evening Andalusian Equestrian Show - Royal Stables

After the show, we recommend dinner at one of the local restaurants in the nearby and authentic "San Basilio" district.

The Royal Stables, once the birthplace of the Andalusian Horse and now an unparalleled setting for this unique equestrian show, this emblematic and historical building was founded in 1570 by King Felipe II, a great horse lover with the dream of making a pure Spanish thoroughbred. tonight, you will enjoy an enchanting evening of music, lights, and dancing combined with majestic horse dressage.

Meals Included: Breakfast

DAY 3: A day in the countryside

Montilla olive oil & wine experience

On this exciting tour, you will venture out into the countryside to explore the beautiful hills of Montilla (still a very unspoiled wine region 40 mins south of Córdoba). This tour is designed for curious and adventurous wine-lovers, amateurs and experts alike! Olive oil, gastronomy, and wine are part of Andalusia's popular wisdom and with this tour, you will delve into the fascinating world of olive oil and wine.

Your first stop will be a **family-run olive oil mill** where you will discover the full process of olive oil making. You will enjoy a tour of the family groves and learn about the different characteristics, culinary uses and health benefits of olive oil. After a visit to the mill and the on-site museum, you will enjoy a very interesting short video about oil production followed by **a tasting of two of their delicious varieties** along with freshly **baked bread made by the very same family!**

The second experience of the day is a visit to a **local family-run boutique winery** located right in the heart of the of the Sierra de Montilla, a stunning rural landscape with endless vineyards and rolling hills. Upon arrival, you will be welcomed by a truly passionate viticulturist who will take you to the family vineyards to tell you about the history of this ancestral winery. Next, you will be guided into the wine cellar, named by the family as "Sacristia", a remarkable sacred space where their oldest wines are kept. On this **educational tour**, you will learn about the unique grape variety that grows exclusively in Montilla, the popular and worldwide known "Pedro Ximenez". You will also learn about the entire process and aging system of these unique dry and sweet wines, a process that is **probably the oldest in Spain**. The visit will end with **a delicious tasting of some of these varieties** paired with a selection of tapas showcasing some of the region's best products.

Your olive oil and wine experience will be completed with **a lovely pairing lunch** at one of the most emblematic taverns in town. Raise your glass for a toast to a great wine experience!

After lunch, you will be driven to your hotel in Sevilla (approx. 1.30h), where you will have the rest of the **evening free** to enjoy at your leisure.

Did you know that Spain is the largest producer of olive oil in the world and that 80% of Spanish production is made in Andalusia? The history of olive oil takes us back to the Phoenician and Greek civilizations settled in the Iberian Peninsula over 3,000 years ago. The importance of olive oil to Spanish culture cannot be overstated; locals actually refer to it as "liquid gold". Spain is also home to an abundance of grape varieties; making it the third-largest wine producers in the world.

Home of the famed "Gran Capitan", Gonzalo Fernández de Córdoba, a Spanish general who fought in the Conquest of Granada and the Italian Wars, Montilla is the center of the Designation of Origin wine zone known as Montilla-Moriles. The landscape here is dry and the soil is a blinding white Albariza (white marl composed of clay, calcium and marine fossils). Its excellent moisture retention is very significant as this area is hotter than almost anywhere else in Spain.

Meals Included: Breakfast & Pairing Lunch

DAY 4: Be enchanted by Sevilla

Morning: Sevilla private walking guided tour (aprx. 3h)

The perfect way to explore Seville's old town's UNESCO World Heritage Sites and learn about the important role they played in the history of the city.

Your art historian guide will meet you at the lobby of your hotel for an introductory walking tour to discover the **main historic sites in Sevilla**.

The tour will include a visit to the Roman Catholic Cathedral of Sevilla, **the world's largest Gothic Church**, whose constructions lasted for over a century.

You will then head to the **Royal Alcazar/Palace***, a beautiful example of Mudéjar architecture in the Iberian Peninsula. The tour will take you through the city's **Santa Cruz Jewish quarter**, this labyrinth of narrow streets and alleys designed to provide protection from the oppressive sun of the Sevillian summer are scattered with **lovely green and lively plazas**.

** Subject to availability: Being an active residence of the Royal Family, the Alcazar Palace is occasionally closed to the public. For security reasons, the information is never provided ahead of time.*

Some cities blast you away, others slowly win you over. Sevilla disarms and seduces you. The irresistible city of Sevilla, Andalusia's capital, is located on the shores of the River Guadalquivir. Its population of about 1.5 million makes it the fourth-largest city in Spain. Its historic center, the third-largest in Europe with an area of 4 km2, contains three UNESCO World Heritage Sites: the fabulous Mudéjar Alcázar palace, the Gothic Cathedral and the General Archive of the Indies. Lorded over by a colossal Gothic cathedral, the old town is an intoxicating mix of resplendent Mudéjar palaces, baroque churches and winding medieval lanes. Flamenco clubs keep the intimacy and intensity of this centuries-old tradition alive whilst aristocratic mansions recall the city's past as a showcase Moorish capital and, later, a 16th-century metropolis rich on the back of New World trade. But what is captivating about the city, as much as the monuments and works of art, is its essential romantic quality, the greatest city of Carmen, Don Juan and Figaro...

Evening: Flamenco show & dinner in Seville

Flamenco performance and dinner at one of the most emblematic "Tablaos" in Sevilla.

Prior to the performance, à la carte dinner with dishes of high Andalusian cuisine will be served (all drinks are included). Towards the end of the dinner, the show will start and will last for approximately 1.5 hours.

With more than 40 years of experience, this "Tablao" offers the purest Flamenco you can find in Andalusia. Probably the best place in Sevilla to live the excitement and duende of flamenco.

This show features up to 15 of the most professional flamenco artists in the whole of Spain. Excitement and enjoyment are guaranteed!

Meals Included: Breakfast & dinner

In between four **iconic Madrid tapas bars**, you'll hear the story of how Madrid went from a small village to the capital of one of the world's greatest empires! Between sipping Spanish wine and devouring the best of Madrid's tapas, your expert guide will bring the **city's fascinating history to life** as you wind in and out of **grand plazas and mystery-filled streets**.

Start your night by popping into a royally located tavern where you'll find out what tapas really are! As you **sip vermouth**, you'll taste freshly fried chips, local olives, and Marcona almonds. Then it's time for the show-stopper—Spain's very best **jamón ibérico de bellota**, or cured acorn-fed Iberian ham. Next up is **Madrid's royal palace**, where you'll get a mini-lesson on how Madrid was founded. As you wander through the oldest part of Madrid—the Habsburg neighbourhood—you'll discover its **hidden squares and secrets**. Before you get to the next **tapas bar**, your expert guide will continue the **story of Madrid's history** as they lead you down a tucked away street to show you a **century-old tradition** still practiced today!

The next tapas bar is known for one thing—fantastic grilled mushrooms! While here, you'll learn what most locals drink (it's NOT sangria!) as you enjoy its famous mushrooms and Padrón peppers. As you make your way to the third tapas bar of the night, you'll pass through **two of Madrid's key squares** as your guide brings more of Madrid's storied past to life. At the third tapas bar, you'll taste gambas al ajillo—a dish this **family-run bar** claims to have invented! You'll also be able to order a glass of wine made from the same family's vineyard in the Toro region. To end the night with a bang, you'll head to a traditional tapas bar to **sit down and enjoy hot-off-the-grill raciones**—larger portions meant to share! From crispy grilled chorizo to beer-battered calamari and more, this **tapas feast** will solidify your expertise in doing tapas like a local!

The Bourbons expanded the boundary of the city beyond the **Puerta del Sol to the Prado Museum and Retiro Park**. Afternoon & evening to explore other sites of Madrid at your leisure.

Madrid, Spain's central capital, is a city of elegant boulevards and expansive, manicured parks such as the Buen Retiro. It's renowned for its rich repositories of European art, including the Prado Museum's works by Goya, Velázquez and other Spanish masters. The Habsburg dynasty (los Austrias) ruled Spain during its Golden Age and established Madrid as the capital of the country. During their reign in the 16th and 17th centuries, the old center of the city was transformed with the construction of many of the city's historic buildings around the area of the Plaza Mayor. The Bourbon dynasty reigned after the Habsburgs, and they continued the transformation and expansion of the city. They are responsible for commissioning some of Madrid's most iconic buildings, including the Royal Palace, the Cibeles and Neptune fountains and the Prado Museum.
